*There's something new about Activa 125, it just got smarter.*

*This Activa 125 is a trend-setter, as it is the first scooter to come with a smart key in the segment. Designed with H-Smart Technology, the smart key is your key to ease, convenience and comfort.*

*Not just that, there's a digital meter that'll give you real time updates throughout your ride.*

*So, if you unite Honda's trusted legacy with the supreme technology that builds the Activa125, you'll know*

*it's not just a scooter,*

***It's***  
***SmartIVA***

# *Technology*

*Equipped with the latest technology,  
here's everything that goes into building your Activa 125.*

Experience the globally acclaimed eSP technology that reduces friction and improves combustion, delivering class leading performance and mileage.

## POWERFUL 125CC ENGINE

Delivers best-in-class power and pick-up.

## IDLING STOP SYSTEM

Wasteful fuel consumption is eliminated with the Idling Stop System that automatically switches the engine off at traffic lights and other brief stops.

## FUEL EFFICIENT TYRES

Honda has developed a new Tyre Compound Technology that greatly reduces rolling resistance by maintaining the road grip.

## PGM-FI FUEL INJECTION

Sensor based PGM-FI system constantly adjusts the air/fuel mixture, as per the ride mode and conditions, allowing combustion. This results in consistent performance, better fuel efficiency, all weather start and lesser emissions.

## SILENT START WITH ACG

Activa 125 is equipped with ACG starter, which starts the engine silently by removing the gear meshing noise. It also reduces maintenance.

## **ADVANCE MILEAGE INDICATIONS**

*Activa 125 is equipped with a modern digital meter that allows you to keep a track of fuel consumption, fuel efficiency and distance to empty throughout the ride.*

### **Real-Time Mileage**

*It displays live fuel efficiency throughout the ride.*

### **Average Mileage**

*It displays overall fuel consumption during the trip.*

### **Distance To Empty**

*It displays the distance you can travel with remaining fuel in the tank.*

# *Smart Key*

With **H-Smart** Technology

*The new Honda Smart Key is built with H-Smart technology.  
It comes with several features that will transform your experience of using  
your Activa 125 – right from the moment you unlock.*

### Smart FIND

It's a hassle when one has to go looking for their ride in a parking lot or a crowded place among an array of other two-wheelers, or even in low-light conditions. With the Smart Key, this trouble is taken care of. All you have to do is, click on the **Answer Back Button** on your key, and all the four indicators of your Activa 125 will blink twice. It can be easily located even if it is as far as **10 meters!**

### Smart SAFE

We've ensured that your Activa 125 is always secure, even if it is not in sight. With the **Anti-Theft System**, you don't have to think twice about locking your ride, the Smart Key takes control over the protection of your scooter by activating the **immobilizer function** when the Smart Key goes beyond the **2 meter range** of your Activa 125.

### Smart UNLOCK

Your two-wheeler key isn't always handy, but with Honda Smart Key, you won't need the key in hand. When the Smart Key is within the **2 meter range** of Activa 125, you push and rotate the knob to perform various operations like your **seat, fuel cap and handle** can all be unlocked just like that.

### Smart START

Here's a way to start your ride that doesn't even require you to take out the key from your pocket! Once the key is within **2 meters** of your Activa 125, and activated, all you have to do is **push the knob** – the LED Smart Key indicator on the speedometer will come on – then just rotate the knob to **turn on the ignition and start the engine with Start/Stop switch**.

# *Style & Convenience*

*Let your arrival make a statement full of style along with convenience that stays throughout the ride.*

**LED HEADLAMP AND  
SIGNATURE LED  
POSITION LAMP.**

The glamorous LED headlamp with stylish LED position lamp adds to the style quotient of Activa 125.

**COMMANDING TAIL LAMP**

The bold, X-shaped broad design of the tail lamp commands attention and admiration equally.

**PREMIUM CHROME  
STROKE ON SIDE PANEL**

Activa 125 logo is carved on the side panel with chrome highlights, projecting the premium essence of your scooter.

**MULTI - FUNCTION  
SWITCH UNIT\***

One compact console ensures safety of the vehicle and convenience of opening the underseat storage and external fuel lid.

**DOUBLE LID EXTERNAL  
FUEL FILL**

Fuel filling right at your fingertips. Now get fuel filled while sitting on your scooter.

**OPEN GLOVE BOX**

Spacious open glove box adds additional storage space.

# *Reliability & Comfort*

*Activa 125 is efficiently backed by Honda's trusted legacy.  
Take a ride with features that make your ride reliable and super comfortable.*

### **FULL METAL BODY**

Full metal body complements the solid trust of the Activa 125.

### **SIDE STAND ENGINE CUTOFF\***

Side stand engine cut off prohibits the engine from starting, when the side stand is open.

### **TELESCOPIC FRONT SUSPENSION AND FRONT DISC BRAKE#**

Telescopic front suspension makes every ride comfortable and disc brake provides control & confidence in all speeds.
